Associate in Arts: Education Pathway to Appalachian State University, Mars Hill University, UNC Asheville, and Western Carolina University

All Pathways are designed to transfer to a four-year institution for eventual completion of a BA/BS degree.

This Pathway is specific to Appalachian State University.

The education pathway supports a student's transfer to a four-year institution to complete requirements of a teacher preparation program, resulting in K-6 teacher licensure. Upon completion of a Bachelor's degree, students will have learned to promote strong academic and social development of children throughout early and middle childhood – providing meaningful learning experiences and helping children develop necessary skills to succeed later in life.
