Associate in Arts: English Pathway

All Pathways are designed to transfer to a four-year institution for eventual completion of a BA/BS degree.

The field of English covers composition, rhetoric, technical writing, creative writing and literature. English majors develop skills in critical thinking, coherent and appropriate writing, research-based analysis, and creative expression for professional and social media. An English degree can prepare graduates for positions that value well-crafted written expression in many areas such as law, teaching, publishing, editing, technical writing, and business.
