2018 - 2019 Associate in Arts: English Pathway

Arts and Sciences

Associate in Arts: English Pathway

All Pathways are designed to transfer to a four-year institution for eventual completion of a BA/BS degree.

The field of English covers composition, rhetoric, technical writing, creative writing and literature. English majors develop skills in critical thinking, coherent and appropriate writing, research-based analysis, and creative expression for professional and social media. An English degree can prepare graduates for positions that value well-crafted written expression in many areas such as law, teaching, publishing, editing, technical writing, and business.

AA and AS degrees require completion of a minimum of 60 semester hours of credit, but pathways may include extra hours to meet university baccalaureate degree plans. Completion of hours beyond 60 may not be required to meet AA or AS graduation requirements but is recommended based on programs offered by intended transfer institutions.
