## 2018 - 2019 Associate in Arts: History Pathway

Tech Community College

**Arts and Sciences** 

## Associate in Arts: History Pathway

All Pathways are designed to transfer to a four-year institution for eventual completion of a BA/BS degree.

The field of history examines the human past, considering tradition and change over time. Historians learn about people and ideas, and gain the ability to craft logical positions about how to interpret the past. Common professions for history majors include educators, researchers, lawyers, librarians, writers, businesspeople, journalists, or government workers.
