An NC REAL Youth Entrepreneurship Summer Camp

In a fun, interactive environment, campers will gain an understanding of how entrepreneurship can be a viable career option for them. They’ll also learn about business resources in the community; how to generate business ideas; work and cooperate in groups; and develop critical thinking, life and leadership skills. This year an exciting tech component will be featured. Both week-long camp sessions meet at A-B Tech Enka Site, Small Business Center. Camp highlights include the opportunity to:

- Meet other students in the community and have fun.
- Meet with a banker to apply for a mock loan.
- Film a commercial advertisement for their business.
- Make a business plan pitch.
- Learn about 3-D design and printing.
