# Allied Health Assessment – Spring 2015 Admission

Name: ________________________________________________________________

*Please complete this assessment after viewing the Competitive Admissions Overview and bring it with you to meet with an advisor. It is yours to keep, so please take notes as needed.*

Please circle the programs in which you are interested and then write in the letters next to that program that match the program specific requirement. For example, if you are interested in Dental Assisting, you would circle that program and then list “a” next to the program since there are no special requirements. Keep in mind that some programs have more than one specific requirement.
